

Spring Town Apartments is a 20 unit tax credit development made up of 1, 2, 3, and 4 bedroom apartments in Marengo. The one bedroom units are the product of the rehabilitation of a 100+ year old church. The units include built in microwaves, dishwashers, garbage disposals, walk in closets, central air, and a washer and dryer provided in every unit. Other amenities include a playground and a computer and printer for resident use.

Hamilton Pointe Apartments is a 104 unit development consisting of 96 tax credit and 8 market rate units in Fort Wayne. In addition to residing in an award-winning school system, residents enjoy a rural setting with ample green space provided with a low-density layout. The units are a mix of 1, 2, 3 and 4 bedrooms units with private balconies and patios, attached exterior storage, energy efficient appliances and full size washers and dryers.

Danbury Pointe Apartments is a 100% tax credit development comprised of 24 two bedroom senior apartments in Danville. The energy efficient units are equipped with many special features for the elderly and disabled. Other amenities include laundry facilities, exercise equipment and a large community room. Danbury Pointe serves an area population of approximately 8200 people with about 15% of that population being senior households.

Armstrong Farm Apartment Homes is a 100% tax credit development consisting of 168 units located in Jeffersonville. All of the spacious 1, 2, and 3 bedroom apartments are pet-friendly and include a full-size washer and dryer. Other amenities include a resident computer center, a fitness center, and a swimming pool.
